“Working Together for Senior Adults”

- The Senior Ambassadors Coalition Advocates is a group of caring individuals representing organizations dedicated to enhancing the dignity, respect, and quality of life of all area senior adults. Through collaboration and communication, we educate and empower our community to improve access to services and availability of resources to area seniors and caregivers.
- SACA meets with Senior Ambassadors Coalition to discuss trends, future needs, gaps in services, status of on-going projects, coordination of services, and other topics of interest on the 3rd Tuesday of each month, January through October.
- There is a yearly participation fee of \$20 to help cover basic expenses. SACA encourages participants to get involved by donating their time, talent, financial contributions or in-kind gifts.
- Everyone is welcome to participate. Our success depends on partnerships with and support from individuals, organizations, and businesses committed to enriching the lives of senior adults and caregivers. We can use your help, energy and ideas.

My \$20 participant fee is attached
